

Bituminous Strike Looms As Result Of Lewis Speech

Miners Cannot Reduce Their Scale of Living To Conform To Wages Paid in Non-Union Areas, President of Workers Declares

WILL OPPOSE PROPOSALS OF TOLEDO OPERATORS

Answer Construed To Mean He Has Thrown Down Gauntlet at Indianapolis Convention; Present Scale To Be Basis for New Agreement at Miami

INDIANAPOLIS, Jan. 26.—A general strike throughout the bituminous coal area loomed today as one of the possible results of the speech of President John L. Lewis, opening the thirtieth constitutional convention of the United Mine Workers of America here.

Lewis answered proposals made by operators at the recent Toledo meeting, with the assertion it is an "economic impossibility" for the American miners generally to reduce their scale of living to conform to the wages paid in non-union areas.

At the Toledo conference it had been suggested that the pay range be based on the non-union standards, plus ten per cent.

PROPOSALS FOR PEACE MADE BY GREAT BRITAIN

Settlement of Chinese Difficulties Will Be Reached Shortly, Is Belief

Washington, Jan. 26.—The situation in Shanghai, principal foreign port in China, was officially described by the state department today as being "very delicate."

There are more than 4,000 Americans among the foreigners there.

London, Jan. 26.—The British government, through Charles L. S. T. O'Malley, has made definite proposals to the Chinese leaders which give basis for the belief that a satisfactory settlement of the Chinese difficulties will be reached shortly, it was officially announced today.

The statement did not disclose the details of the proposals made by Great Britain, but pointed out that discussion still continues at Hankow and that the willingness of the Chinese to accept a reasonable settlement is being made.

The official statement declares that constructive proposals which have been offered are expected to lead to the establishment of better relations with the Chinese authorities.

Best upon making relations impossible.

S. TO CONTINUE NEUTRAL STAND

Washington, Jan. 26.—The United States will continue its neutral stand in the Chinese civil war, it was strongly emphasized at the state department today.

But notwithstanding this attitude the government is intensely interested in the movement of two great armies near Hangchow, where the fighting is expected to continue for some time.

The United States remains uninvolved in the fighting, but it is expected that the Chinese will continue to fight until they are victorious.

Under Chang Kai-Shek, the Chinese government has become obvious that this government's hope of averting a clash at Hangchow depends upon the outcome of the fighting.

Chang Kai-Shek has defeated the Chinese Cantoneses are expected to be down upon Shanghai, making necessary the defense of the International city by force of arms.

The British and the Japanese already have taken unmistakable steps to defend the city, the former by sending a "Shanghai defense force" consisting of almost 20,000 men.

It is virtually certain that it will be drawn into the Chinese civil war, which remains undecided as to whether it will join in a common defense with the other powers.

Administration has been hoping that such a step would be necessary, and has drawn on it as far as could be ascertained.

The only public pronouncement in this regard has been the White House statement today.

NON-STOP FLIGHT TO HONOLULU SET FOR MARCH

Lieut. W. B. Wallace is shown straddling a plane. His flight companion, Lee Schoenhair, is in the inset below.

Flight to Honolulu Seen As Prelude to Spanning Pacific Ocean in Few Days

United States Aviators Prepare for Notable Air Voyage in March, To Be Followed by Probable California-China Hop; Special Planes Being Made Ready for Long Trip

SAN DIEGO, Cal., Jan. 26.—Spanning the entire breadth of the Pacific ocean in a few days is a new project of American aviators. From California to Hong Kong, China, with several—but not many—intermediate stops, a giant monoplane may soon wing its way.

All this has developed from plans made for a non-stop flight from San Diego to Honolulu. This has been scheduled for early in March, with Lieut. W. B. Wallace of the Marines as pilot, and Lee Schoenhair, former army aviator, piloting a huge Fokker monoplane, now being constructed at Hawthorn Heights, N. J.

A flight from California to Manila in the Philippines, and Hong Kong, China, will follow in all probability, if the Honolulu jump is successful, military and naval aviators say.

Such a flight would be epoch-making. It would place China within four or five days of America.

The jump to Honolulu is looked upon as the chief feat, for the ocean stretches 2,200 miles between San Diego and Honolulu. Headed off by the Hawaiian Islands—the longest single stretch of water between land ends on a route around the world's waterways.

"The plane to be used in the Honolulu flight—larger than the one in which Commander Byrd flew over the North Pole—will be tested during February. It will be flown across the continent by way of Washington and Detroit."

100-Mile Speed
"With our plane," says Schoenhair, "we expect to carry a disposable load of 6,000 pounds and, at the start, 300 gallons of gasoline, with a maximum speed of 100 miles an hour. Thus we should reach Honolulu in less than 24 hours."

No gear for floating the plane on the bosom of the Pacific ocean, which saved Com. John Rodgers when his plane fell near Honolulu last year, will adorn the Schoenhair plane. Only a radio outfit will be available to call in a hurry for help.

As for cruising range, the Fokker will have safety margin of 1,400 miles more than the San Diego-Honolulu distance and will be capable of remaining in the air approximately 40 hours.

The race for Honolulu will be made under the racing rules of the National Aeronautics Association and the Federation Aeronautique Internationale in an endeavor to smash the present world's record of 1,541 miles, established by the late Com. Rodgers' airplane from San Francisco to a point near Honolulu.

However, the fact that the aviators will use a plane devoid of sea landing gear is a handicap.

SON OF AUTHOR, STUDENT AT YALE, HANGS HIMSELF

Worry Over Approaching Examinations Believed Cause of R. S. Untermyer's Death

New Haven, Conn., Jan. 26.—Richard Starr Untermyer, son of the widely known author, Louis Untermyer of New York City, was found dead in his room at Yale University today, a suicide by hanging.

Dependent over money matters and approaching exams, it is believed to have driven the youth to end his life. Among his effects was found a letter from his mother warning him that he had overdrawn his account. "The youth-fourth time," and asking him to be more careful.

WATCH YOUR STEP! MR. BALL SCANDAL

New York, Jan. 26.—Baseball, with its charges, counter-charges, scandals and innuendoes, may be forced on the front pages, if developments threatened today actually come to pass. There may be a scandal in China!

This was the threat of Dr. Emanuel Lasker, former world's champion, who declined to take part in the Chess Masters' Championship next month because of alleged irregularities in the conduct of the tourney in 1924. Dr. Lasker boldly declares he was deceived of 15 minutes in a match with Capablanca and that a surplus from the sale of tickets was not distributed, as agreed.

HILL SPONSORS BILL AGAINST SUNDAY DANCES

Legislation Seeking To Ban Amusements Scheduled for Second Reading Today

Sunday amusements, such as dances, roller skating and similar entertainments, will be prohibited in Ohio if a bill introduced in the state legislature by H. E. Hill, representative from Marion County, is enacted into a law.

The bill, which comes up for a second reading and reference to committee today, defines the terms "public dance, roller skating, or like entertainment," as meaning admission "to which can be had by the payment of a fee, or by purchase, possession, or presentation of a ticket, or in which a charge is made for refreshments or for carrying clothing or other property, or any other device to which the public may gain admission, with or without a payment of a fee."

No Loophole
This indicates that the proposal leaves absolutely no loophole which will permit Sunday entertainments listed in the bill. It would repeal the present law which gives probate judges authority to grant permits for dances and other entertainments and which has resulted in permits being granted in some counties and refused in others.

Under the present law, Sunday dances have been held several months during the year at Crystal Lake Park, which would be the only place affected by the proposal submitted by Representative Hill.

BORN AFTER CRASH

Mother Gives Birth to Son 12 Hours After Accident

Dayton, Jan. 26.—Mrs. Mary E. Nierges, 23, Columbus gave birth to a son here this morning 12 hours after she was injured in an automobile accident. Neither is in danger.

The prospective mother with her husband, William G. Nierges, was "borrowing" a ride from Columbus to Indianapolis, and just west of Dayton, it was reported, the driver fell asleep, allowing his auto to plunge into a ditch.

GUN VICTIM

Police Say Xenia Lost Thought When Shot

Xenia, Jan. 26.—Herchel Wyatt, 17, died at McCallan hospital early today, the victim of an accidental gunshot wound to the heart. He was shot Tuesday noon, as he and his friend Everett Thompson, 17, were examining a 32-caliber pistol.

The police reported Thompson believed the gun was loaded and pointed it at his own head and fired. Thompson is in the hospital.

PEACHES TELLS HOW SHE TORE DIARY PAGES

Wanted To Shield Her "Boy Friends," Browning's Wife Admits

Courthouse, White Plains, N. Y., Jan. 26.—"Peaches" Browning admitted under cross examination in court today at the trial of the Browning separation case that the diary introduced yesterday as her diary was written by her so that she could keep some of the names of her "boy friends" out of the court records. It wasn't her original diary.

It was because she wanted to protect these friends, "Peaches" said that she tore certain pages from her original diary a few days after her marriage to Edward W. (Daddy) Browning.

She admitted under questioning by Judge John H. Mack, chief counsel for Browning, that the pages she tore out of the original diary contained the names of boys who had made love to her and to whom she made love.

On Stand An Hour
Neither diary, however, was admitted into evidence on the ground that they were not material.

"Peaches" was on the stand for less than an hour and was subjected to very little cross-examination.

"Peaches" resumed the witness stand for further cross-examination at the Browning separation trial today. She had a blue silk dress and a high collar hat, which set off her blonde hair and complexion beautifully. "Peaches" took the stand at 10:01 a. m. She wore a little hat which suspended from her neck on a thin gold chain.

"Peaches" seemed nervous as she took the stand in the witness box. She had been on the stand for four hours yesterday and left it exhausted. She had pointed Browning as a man of depraved tastes. She said she forced her to surrender about their bed chamber with nothing on and to eat breakfast with him undressed; that he denied her the right of motherhood; that he awakened her at night by springing on her, and at night he would come in and fondle her. She said she had never seen him since.

Judge John H. Mack of Browning's counsel began his cross-examination.

Q. You spoke of a contract with a graduate for stories printed about you. Is this the story? (Handing her a picture of a tabloid paper.) Is that your signature under the story "Why I Left Daddy Browning?"

A. It is.

Mother Nerve Near
While "Peaches" was identifying the newspaper stories, her mother, Mrs. Carolyn Heman, came over to the witness stand and took a seat at her daughter's elbow. Mrs. Heman in case she breaks down again.

Browning was dressed immaculately in a blue suit and conspicuous blue and gold tie.

Mack repeatedly asked "Peaches" if this and that picture had been given for "payment to your contract."

"Yes, it was," "Peaches" answered. Nineteen letters and two postcard letters were introduced and identified in all.

When he finished introducing the letters Mack unexpectedly concluded his own examination at 10:30 a. m.

Browning looked squarely at his young, outraged wife as if to see what the effect was upon her. She seemed distraught and on the verge of weeping freely. She coughed nervously (lap and lap).

Two More Youths Arrested In Fight On Juvenile Crime

Carroll J. Copeland, 17, and Forest Roush, 16, Admit Burglarizing Oakland Heights and Glenwood Schools and Roderick Grocery

BRINGS ARREST TOTAL UP TO EIGHT

Both Plead Guilty; Older Boy Sentenced to Mansfield Reformatory and Companion Given Term in Lancaster Industrial School

ANOTHER chapter in the amazing story of juvenile banditry that has developed in local police court records during the last two weeks was disclosed this morning in the arrest of two boys on burglary charges. This makes a total of eight boys, ages ranging from 15 to 20, taken into custody on robbery charges since Jan. 15.

The two arrested, Carroll J. Copeland, 17, of 583 Uncapher-av. and Forest Roush, 16, of 580 Uncapher-av. pleaded guilty in Juvenile Court to having broken into the Oakland Heights and Glenwood school buildings on the night of Jan. 4 and the F. E. Roderick grocery on the night of Monday, Jan. 17. The Copeland boy was sentenced by Juvenile Judge L. B. McNeal to the Mansfield Reformatory and young Roush to the State Reform School at Lancaster.

Arraignment in Juvenile Court took place after both boys made a complete confession before Chief of Police James W. Thompson, the chief justice of the court, who had been informed of the arrests and finally to the conference, Chief Thompson said. Young Copeland had been wearing the sweater, which was the property of a teacher at the Oakland Heights school, furnishing officers with the clue which centered suspicion on the boy.

BILL CARES FOR LICENSING OF AUTO DRIVERS

Cleveland Legislator Expecting To Introduce Document Today

Columbus, Jan. 26.—Licensing of Ohio auto drivers is provided for in a bill which Rep. Laurence H. Norton, Cleveland, expects to introduce in the house this afternoon. The bill, it was stated, has the support of the Ohio Automobile Association.

The bill, it was announced, will prohibit all persons under 16 years of age from operating motor vehicles in the Buckeye state. Temporary permits may be issued, the bill provides, to pupils between 14 and 16 years of age, holding their operation of autos direct route between their homes and their respective schools.

Next No. 10
Applicants for an operator's license must be at least 16 years of age. Licensees are to be issued by the state commission of motor vehicles, under whose supervision oral and written examinations may be conducted and demonstrations of operation of vehicles made to determine the mental, physical and physical fitness applicants.

The commission may delegate police officers and deputy sheriffs to hold such examinations.

Each successful applicant must pay a 25-cent fee. Persons whose applications are rejected may appeal, within 30 days, to the Common Pleas Court which would be empowered to reverse the ruling of the commission. Provision, also, is made for revocation, suspension, or license of traffic law violators.

Would Keep Records
When a licensed driver is convicted of a traffic law violation, notice of such conviction is to be sent to the state commission of motor vehicles and record of it written on the driver's license. Persons convicted of fraud in connection with their application for a driver's license, or of improperly transferring the license, or of three months. Persons convicted of operating without a license could be fined \$100 and imprisoned three months.

GOVERNOR DECIDES TO 'WAIT OUT' OHIO SENATE

Will Be Result of Action Regarding His Present Appointment, He Says

Columbus, Jan. 26.—Governor Vile Denney today announced his decision not to send any more appointments to the Ohio senate until his appointment of William T. Leonard, Republican, as a member of the state industrial commission for a six-year term, has been approved or rejected.

"I am well within my rights," he said, "in waiting for the senate to act on the Leonard appointment. I am not going to send any more appointments until the senate acts on the Leonard appointment."

Denney said Leonard's appointment to the senate was more than a week ago. The senate delayed action on the appointment. Denney said he was waiting for the senate to act on the Leonard appointment.

Mock Trial Jury Finds Rev. R. W. Smiley Guilty of Overcrowding His Church

A VERDICT of "guilty" accompanied by a recommendation of mercy was returned by a jury of 18 following a mock trial staged by the Men's Bible Class of the First Presbyterian Church, last night, when Rev. R. W. Smiley, the pastor, was arraigned on a charge of "Overcrowding the church, thereby making it difficult, if not quite impossible, for persons to obtain seats at Sunday services."

This was merely the substance of the formal charge, which was lengthy and replete with legal and complicated verbiage, indicating that it frequently became necessary

for church members to leave their homes before meal time on Sunday in order to obtain seats at the church and hear the pastor's Sunday night sermon.

125 Attend
The trial, which followed the monthly six-o'clock dinner of the Men's Bible Class, furnished about 125 guests with more than two hours of entertainment. The identity of the person to be placed on trial was not made known until the proceedings were formally opened with Charles E. Merkel, president of the Marion Savings Bank, acting as judge, "prosecutor" arranged, and the "prisoner" arraigned.

The "arrest" of Rev. Mr. Smiley followed and was a complete surprise to him as well as most of the company of guests.

C. E. Merkel Judge
"Judge" Merkel, wearing a comedy make-up of black whiskers and a linen duster, contributed largely to the success of the entertainment with a series of charges and rulings invariably in conflict with the customary rules of court procedure.

James H. Eymon, W. N. Harter, Hector H. Young and former Common Pleas Judge Grant E. Mouser, all prominent local attorneys, were counsel in the case. Eymon and Harter representing the prosecution and Young and Mouser the defense.

Witnesses, all of whom were put through grilling cross examinations in which testimony related chiefly to matters which had no connection with the charge made against the pastor, were Jesse H. Mason, A. C. Bachman, Henry True, Carroll Davidson, H. C. Nelson, Carmel Church, Martin Verborg, S. P. DeLong and W. C. Phillips.

13 on Jury
The jury was made up of R. T. Lewis, Karl Schell, C. E. Chapman, J. W. Hunsate, M. A. Mickler, Lewis Meister, Marshall McKinstry, Berlin Ferguson, R. G. Williamson, Kendrick Turner, J. C. Turner, H. E. Stock and O. A. Wheaton.

J. B. Bray was court reporter and Harry E. Elliott bailiff. Arrangements for the trial were made by a committee with Charles E. Merkel as chairman. The dinner was served by women of the Westminster class of the First Presbyterian Sunday School.

Prior to the mock trial there was a brief program of singing led by V. C. Smith.

MARION LEGION POST TO BACK DOUBLE DRIVE

Will Aid in Establishment of Government Hospital and Support Home Government

Plans of the American Legion of Ohio for a campaign to bring about the establishment of a government hospital for ex-service men in Northern Ohio and to enlarge and improve facilities at the Soldiers' and Sailors' Orphan Home at Xenia are made public in copies of resolutions received here today by A. W. Sandrock, commander of Bird-McGinnis Post, No. 162, of the American Legion.

The movement in behalf of the Xenia Orphan Home is of particular interest locally because of the fact that T. E. Andrews, a Marion man, is superintendent of the institution.

The resolutions relating to both the hospital and the orphan's home were adopted at the annual conference of Ohio Legion Post commanders held on Jan. 10 in Columbus. Mr. Sandrock and several other officers of Bird-McGinnis Post were in attendance.

The Legion officers, acting upon the report of an investigation of conditions at the Xenia home and of its needs, urge that the state legislature take immediate action on a budget that has been submitted to finance operation of the institution and a number of needed improvements.

In the resolution adopted on Jan. 10, the Legion officers state that "For the past 20 years only small and inconsequential sums have been spent upon the mental, physical and penal houses in the state."

To Co-operate
Officers of Bird-McGinnis Post will co-operate with other Legion officers throughout the state in urging the legislature to provide ample funds for improving facilities at the Xenia home. Mr. Sandrock, the local commander, stated today.

"It is the responsibility of the American Legion to see that the Ohio Soldiers' and Sailors' Orphan Home is a proper home for orphan children of war veterans and that it is properly financed," the resolution received by local Legion officers reads.

To Assist in Drive
Mr. Sandrock also stated that Bird-McGinnis Post will engage actively in the campaign to establish a hospital for ex-service men in Northern Ohio. It is proposed to urge the government to provide that section of the state with a hospital to have a bed capacity of 300. The local Legion post will urge Congressman Brooke Fletcher to vote for the hospital proposal when it is submitted and will request H. E. Hill, Marion County representative in the state legislature, to give his support to the enlarged budget for the Xenia home.

Lonely Charlie

Heading Westward, Film Comedian, Who Has Made Millions Laugh, Seems Pathetically Broken by His Plight; Loses Weight Rapidly

Charlie Chaplin sings "California Here I Come" somewhat sadly.

NEW YORK, Jan. 25.—It is a lonely Charlie Chaplin who is heading back to California—and trouble. And it is a battered Charlie Chaplin—in health, if not in spirit.

With eyes flashing deep from the corners where the tone drops grow, not the twinkles, he rallies "to fight for my children."

But the laugh seems to have gone from the clown. He does not gesture, even a farjacci— who laughed while his heart was breaking.

A few cynical smile. But the majority—including the "harbored" newspaper—clean—are moved. They sense that if the man becomes too troubled, the public may lose a source of its joy. For it is hard to conceive Chaplin, strained by his increasing worries, as the happy, funny little man with huggy pants, and tricks which made millions chuckle.

Loses Weight Rapidly
Perhaps it is but a temporary depression. In the meantime, however, Chaplin is paying heavily. His physicians say he has lost 18 of his 135 pounds in little over a fortnight. And the expenses of the several litigations in which he is involved are incalculable at this time.

Overshadowing all this, however, looms the pathos of the man's lack of friends at his time of need. He has his lawyers, physicians, business advisors, of course. But beyond them seem few to whom he can turn.

The reason may be found in these side-lights, given by Chester Conklin, another well-known movie comedian (the only one Chaplin ever confessed being worried about).

"Once," says Conklin, "while making The Pilgrim, Charlie walked into the lot and calmly announced that he was leaving for England the next day. The picture was but half done. 'What shall we do with the cast?' asked the frantic management. 'Why,' came the answer, 'don't keep them on the payroll until I get back.' And that's what was done."

Why He Disappeared
"Another time Charlie disappeared from the studio suddenly. He was gone for several days. Then just as suddenly he returned and went on with his picture—paying the company for all the time he was away. He had been at home rewriting the scenario—but had forgotten to tell anyone about it."

In this way, Chaplin developed an erratic reputation that sometimes is misconstrued.

"People take advantage of him—often. Once on location, he had occasion to consult a local lawyer. He asked him three questions. The advice

was given in a very short time. Then came the bill—for \$20,000. Chaplin had to pay it, too.

Incidents such as those made him leery of approaches. Too many persons were after his pocketbook. He became wary—watchful.

Where Shall He Turn?
"Now in trouble, whom can he turn to?"

"His mother? She probably doesn't know the details of the latest concern. She is ill—a lovely, old lady, who worships Charlie. He has fitted her up in a charming home in Beverly, Calif., where she has her own cook, maid, nurse, chauffeur and private car. All this costs Charlie a lot of money. For she was ill when she came from England, and the expenses of bringing her here were heavy."

"His brother? Sid is busy working in the pictures, and probably can't help his brother."

"Really there is hardly anybody he can turn to."

"Yet he has made millions laugh. And has brought joy to the four corners of the earth. Ironically—"

"It is the tragedy of the comic."

Brains are given men to control his instincts, not to blindly follow them.

Josef Hofmann, Pianist and
Radio Star, Also Inventor

Josef Hofmann at work in his laboratory in Aiken, S. C., and inset of the pianist.

MERION, Pa., Jan. 25.—One of the latest and greatest artists to go on the air is Josef Hofmann, internationally famous musician.

Pianist at five... Inventor at 10... That is the beginning of the story of Josef Hofmann... The master of three electrical engineering laboratories, one here in Merion; the second in Aiken, S. C.; the third, in Zurich, Switzerland... The inventor of an air spring for luxurious and cheap automobiles... One of the greatest pianists the age... That is the middle age of Josef Hofmann.

Science is his pleasure; music is his duty. His father put him to the piano at five and discovered a genius who immediately concentrated throughout all of Europe. The child was willing to practice, was proud of his great successes, but was not old enough to be able to do without his toys. His folk brought him guns, soldiers, swords. He threw them all away. He wanted to build lakes and in his tub. Already then houses, make bridges, float boats on

LEGION POST'S
HOME CAMPAIGN
IS PROGRESSING

Large Number Supporting
Project; Members Seek To
Obtain \$20,000

Continued progress in the campaign to raise funds for the purchase of an American Legion Home for Marion is reported by A. W. Sandrock, commander of Bird-McGinnis Post, No. 182, who stated today that a large number of citizens have already given their support to the project.

Captains of groups of legion members who have been carrying on the financing campaign in all parts of the city will submit reports tonight at a meeting of Bird-McGinnis Post and it was indicated today that these reports will show that substantial progress has been made. The Post is striving to obtain \$20,000 for the home project, but will be able to go ahead with its plans when \$10,000 has been obtained.

Insurance Plan

An insurance savings plan is being promoted by Legion members as the basis of their efforts to obtain funds for the home. Under this plan, citizens are asked to open savings accounts in which they agree to make deposits up to a stipulated figure. The subscribers are guaranteed the return of their savings and in addition are given life insurance for the full amount of the account.

This plan has been worked out by the legion in a contract entered into with a well-known insurance company. The

laboratory at Zurich in the Swiss country. He still returns to it every summer to delve into the mysteries of the electrical sciences that fascinate him so tremendously.

Works on Music Roll

One laboratory was not enough. He felt the need of science during the other seasons of the years when he remains in America. He selected Aiken, S. C., and there he worked on a perfection of the music roll for the reproducing piano.

As the roll is now worked, it is full of errors that require hours of patient labor to eradicate. When Mr. Hofmann's device will have been completed, the pianist's notes will be recorded exactly as played.

For ten years he has been working with tool and with research book, in his effort to develop a frictionless air spring for automobiles, trucks, airplanes and motorcycles. The spring is now perfect, and Josef Hofmann declares that he has gotten a greater kick out of seeing his invention on an automobile than he has ever received from playing the sonatas of Beethoven or Bach throughout the capitals of all the continents. He was born a musician, but he made himself a scientist.

legion will obtain its revenue for the home project from commissions paid for promoting the insurance savings business.

Membership Drive
In connection with the campaign for the home, Bird-McGinnis Post is working

ing to increase its membership. Mr. Sandrock stated today. This work is also bringing gratifying results. He states, with prospects that the membership here will exceed 300 before the close of 1927. It is expected that Post in both the home and membership campaigns, Mr. Sandrock states.

Ginnis Post will be increased to 350, which is the average membership for cities of this size. Women of the American Legion Auxiliary are assisting the local Legion Post in both the home and membership campaigns, Mr. Sandrock states.

Spring Dresses

Utterly New \$16.50 Smart Styles

DAME FASHION for this new Spring season, has certainly designed some of the most charming frocks—simple and becomingly youthful! And so colorful! In our Dress Sections many new frocks have been received—creations which you'll delight in seeing and wearing. The low price makes them all the more delightful. Come and see them—compare them with others you'll find in the city at such a price—and then you'll appreciate what rare values ours are.

Compare Its Value With
All Sixes Near Its Price

However you judge closed car value—in exterior refinements—or in the more important attributes of fine performance and long life, you cannot close your eyes to the advantages of the new Hupmobile Six Sedan.

Here you will find beauty and luxury in generous measure. The new metal ball-back body gives a graceful silhouette that lifts this car above the commonplace. Upholstery is of genuine mohair, harmonizing in color with the finish of the body. Hardware is of the highest quality and the complete equipment leaves nothing to be desired.

Built to regular Hupmobile standards, for years recognized as better than average,

this Sedan would rank as one of the foremost quality cars in America.

But Hupmobile goes 10% beyond—Hupmobile makes its quality of materials and workmanship 10 per cent finer than required.

While thus adding 10% to manufacturing costs, Hupmobile adds not one cent to its price. As a result, the Hupmobile Six is recognized far and wide as offering more quality, per dollar of purchase price, than any other six on the market.

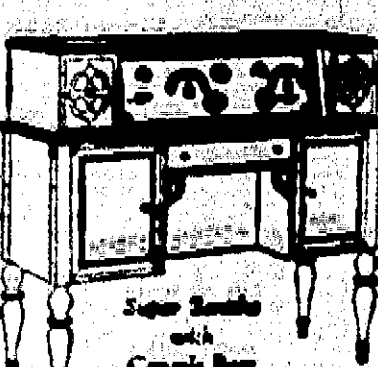

See this improved Sedan, drive it and realize its new ease of steering and control—and you'll have no other six at any price. We will gladly arrange a demonstration.

Mrs. Rodney R. Hume will present several readings from "When We Were Young," by Miller, accompanied at the piano by Mrs. Harry J. Mautz. Patronesses of the various clubs of the federation are invited to attend this and all other meetings of the organization, it is announced.

CONGRATULATORY messages and remembrances were received yesterday by Mr. and Mrs. James DeWolfe, Jr. Church, honoring their fifty-sixth wedding anniversary. The day was spent quietly by the celebrants and last night a number of old friends called to extend personal greetings. Mrs. DeWolfe came to Marion a bride following her marriage to Mr. DeWolfe at Cory, Ia. Mr. DeWolfe formerly was the express and ticket agent on the old Bee line, now the Big Four. The couple resided here until 1880 and since that time have resided in Columbus and Detroit. They returned to Marion from Detroit last fall. Mr. and Mrs. DeWolfe have two children, Mrs. Tracy R. Careless Washing
Spoils Children's Hair

Any child can have beautiful hair—healthy and lustrous. It is simply a matter of shampooing.

Proper shampooing makes the hair soft and silky. It brings out the real life and lustre, all the natural wave and color, and leaves it fresh looking, glossy and beautiful.

While children's hair must have frequent and regular washing to keep it beautiful, the young hair and tender scalp cannot stand the harsh effect of ordinary soaps. The free alkali in ordinary soaps soon dries the scalp, makes the hair brittle and ruins it.

That is why thoughtful mothers everywhere, now use Mulsified Coconut Oil Shampoo. This clear, pure and entirely granular product brings out all the real beauty of the hair and cannot possibly injure.

Two or three teaspoonfuls is all that is required. It makes an abundance of rich, creamy lather which cleanses thoroughly, and rinses out easily, removing every particle of dirt and dirt. It leaves the hair soft and easy to manage and makes it fairly sparkle with new life, gloss and lustre.

You can get Mulsified Coconut Oil Shampoo at any drug store.

A four-ounce bottle lasts for months.

Women's
Changed
Hygiene

New way discards
like tissue

By ELLEN J. RUCKLUND
Registered Nurse

MILLIONS of women have changed from uncertain and hazardous hygienic ways to a new way called Kotex.

You dispose of Kotex as easily as a piece of tissue. No laundry, no disposal problem.

You wear lightest, flimsiest gowns without fear. Five times as absorbent as ordinary cotton pads.

You obtain it at any store, without hesitation, simply by saying Kotex. Many stores have it already wrapped for you to pick up, pay for, and take home without even asking.

Package of 12 costs only a few cents. 8 in 10 better class women now use this way. Be sure to get the genuine, for only Kotex itself is "like" Kotex.

DELIVERS SERMON

Upper Sandusky Man Preaches
at Forest Lawn Church

"Seek Ye First the Kingdom of God" was the subject of the sermon preached by Rev. Frederick Cromer of Upper Sandusky last night at the largest attended week-night service of the revival now in progress at Forest Lawn Presbyterian Church. Rev. Cromer drew many illustrations from life to prove that "it is essential that we seek the kingdom of God first."

Nine boys recently admitted into the church sang a chorus number "Somebody Did a Golden Deed" accompanied at the piano by Mrs. Walter Sloan.

Rev. S. W. Young of Bucyrus will conduct services at the church tonight at which time members of the Sunday School Orchestra will present a musical program. Miss Madge Chestwood, 12-year-old guest soloist, of Denver, Colo., will entertain with a vocal number.

Rev. A. W. Swan, pastor of the church, reports the revival to be arousing a greater interest every day, with conversions at each service.

POSTPONE INSTALLATION

Installation of officers, which was to take place at the meeting of Redmen Lodge last night was postponed until next Tuesday night. Degree work will also be a feature of the next meeting.

CANBY LODGE INVITED
TO SYCAMORE MEETING

An invitation was accepted last night at the meeting of Canby Lodge No. 51, Knights of Pythias, to confer the rank of pair at Sycamore Lodge, Sycamore, Feb. 3.

There will be a county meeting of all the lodges at Caledonia Jan. 31, when Whitestone lodge will confer the rank of knight.

The next meeting of Canby Lodge No. 51 will be Tuesday night, Feb. 1.

One thing about sinners: they don't have to worry about others.

JUST MARRIED

Loving

ALL the world may love a lover, but why demonstrate the fact to the piteous embarrassment of the object of its affection?

Yet this is the way of the world. So the poor honeymooner who at this time in his life as never before—again—creates jealousy and above all things desires to pass unnoticed in the crowd, is put to it to keep his dignity.

We traveled in the same train with a young couple whose very obvious difference to each other attracted our attention. Apparently the husband held charms for the lady. While riding the couple gazed out the window.

As for the man in the seat beside her, his interest was in his paper. Occasionally one stole a surreptitious look at the other, but in this was a certain guesswork. There were no smiles and little conversation.

"Here's a case where two are a crowd!" we thought. "If another's company bored us so greatly we'd journey alone if it lay at hand."

A moment later our random glance fell upon the most disheveled piece of baggage we remember ever having seen. We peered closer to see what it was, for the ancient valise of the "reticule" stirred our curiosity. We fairly gasped in our surprise. On a scrap of trailing ribbon we read the words "Just married!"

Such length will harassed honeymooners go. And for all their caution the tell-tale ribbon was out of the bag.

THEN there is another type of honeymooner. He, too, is harassed, but for quite a different reason.

He is "just married" and he admits it in every move in every look, in every word. A placard around his neck reading "This is MY Wife" would announce the fact no more decidedly than does his jealous guardianship of his bride, his pugnacious attitude toward any who approaches her. He is the young man who considers every male intruder and glares balefully upon the most harmless specimen of his sex who dares come near his adored one.

LAST, but not least, on the list of harassed honeymooners is he who discovers himself a little less merry than he was on the day of his wedding. This is the newlywed who is harassed by the stress and strain of the period of adjustment.

HONEYMOON days as halcyon days are famed in song and story. In bliss unclouded do they measure up to what is expected of them?

The truth might prove stranger than fiction if the harassed honeymooners would tell it.

"Better Speech Week" Is
Planned by Federation

Plans are being made by members of the Marion County Federation of Women's Clubs for the observance of "Better Speech Week" which this year falls on the week of Feb. 20. It was announced today by Mrs. Lewis Uhl, president of the organization. Announcement of the complete program will be made early next month.

The week of March 6 was proclaimed as General Federation Home Week by Mrs. John D. Sherman, president of the General Federation of Women's Clubs at the mid-winter meeting of the board of directors held recently in Washington. She has requested that all club women who can attend the American Home Congress to be held in Des Moines, Ia., March 8, 9, 10 and 11, under general federation direction, sponsor some suitable celebration in their clubs, churches, schools and communities.

List Literates
Among other items of interest discussed at the meeting was the report of the listing of the several million illiterates in the United States followed by an intensive campaign to teach them to read and write before the 1930 census. A typically county in each state is being selected and the club

Musterole.

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's mustard plaster.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, etc.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

Pyorrhea penalizes 4 out of every 5

What a grim penalty Pyorrhea exacts for neglect! It spreads its poison through the system, undermines health, destroys precious youth. And four persons out of every five after forty (and thousands younger) get caught in its relentless grip.

But you need never fear Pyorrhea. Go to your dentist at least twice a year. And start using Forhan's for the gums.

Used regularly and in time, Forhan's prevents Pyorrhea or checks its vicious course. It firms the gums and keeps them healthy. It protects teeth and keeps them white.

It is the formula of Dr. J. Forhan, D.D.S., and contains Forhan's Pyorrhea Liquid, used by dentists everywhere. Safeguard your health! Start using Forhan's regularly morning and night. Teach your children the same good habit. Play safe—get a tube today. At all druggists, 35c and 60c.

Quicksands of Love

BY ADELE GARRISON

Washers Please to Spring

I GOT in touch with one of the most capable little sleuths who ever helped me on a case, Lillian said as she went on with her story of her attempts to prove her theory that Mary was the mysterious masked dancer of the night club.

"He worked on the thing with me today and tonight with the result that we had these facts fully established."

"Every detail of the masked dancer's appearance, tallies with Mary's."

"Jack Leslie brings her to the club each night in a taxi at an hour which would give her just about time for the journey from this building, if she were masquerading as Mrs. Baker, as I thought. The return journey fits in with Mrs. Baker's time of coming back."

"On both these journeys she is muffled from neck to heels in a long black velvet cloak with only the mask and a bit of her curly bob visible."

"I drew a long breath. "So wonder you thought your hunch correct," I said.

"That doesn't alter the fact that it wasn't," she returned, a trifle shortly, and I saw that the failure of her theory would be a blow in her side for some time to come. "But I was so sure of it that I stationed my helper at the club tonight, with instructions to telephone me as soon as the masked dancer made her appearance. You heard my end of the conversation, so you don't need me to tell you that he established her arrival there a few minutes after midnight. He said it was undoubtedly the same girl who had been appearing each night, and I accordingly rushed upstairs with you."

"I don't mind telling you," she finished, "that I never was so surprised in my life as when you found Mary sound asleep in that bed. I had been sure the bed was empty save for some cleverly constructed dummy made out of pillows and quilts. But it was no dummy—whose face you touched and whose voice you heard."

"No, indeed," I replied. "It was Mary, very much alive."

"So that's an end of my hunch," she said with an air of finality. "But I don't mind coming to you that I have an unbroken lump of curiosity concerning Mrs. Baker. I found out incidentally that she and Jack Leslie have been pals for at least a year."

"Then," I said, startled, "she knew him at the time she failed at Mary's feet in the park, and he came to the rescue. But she gave no indication that she ever had seen him before."

"That faint was a bluff of course," Lillian returned, "put up in order to give Leslie an opportunity to meet Mary. I tell you, Madge, that lady looks watching."

"The telephone punctuated her decisive little sentence, and she went swiftly toward it."

"My little sleuth," she said, "I told him to telephone me when Leslie took the dancer away from the club."

"That her guess was correct I gleaned from the short, crisp questions she put as to the time of leaving. Then she lunged up the receiver and looked at her watch."

"They left five minutes ago," she said. "A taxi under ordinary circumstances would take—yes—that would figure out just about the time Mrs. Baker rolls in each night. Would you mind staying up and accidentally meeting her in the hall?"

Children's Sore Throat

Mothers know that children's sore throats are serious, often leading to tonsillitis, scarlet fever or diphtheria. Also that it is hard to treat because the usual remedy is a gargle and children cannot gargle.

A famous physician's prescription called Throat Works on best principle—goes direct to the cause not weakened by gargles and patent medicines and brings relief within 15 minutes or less, or back.

And the remarkable thing about it is it contains no iron, chloroform or dope—harmless and safe, pleasant taste. Remember, relief within 15 minutes or money back. 35c, 60c and \$1.00. Sold at Bradley's Drug Store, Stump's Pharmacy and all good drug stores.—Ad.

Finds Beauty Key

Every girl is always seeking the key to even greater loveliness than she already has—and pretty, dimpled Miss Dorothy Mohr, 208 Coleman Ave., Long Branch, N. J., is generous in pointing on her findings! She says: "I'd never had a face powder really blend with my skin until I found the wonderful Black and White Face Powder, which is simply perfect! It's so soft, fine and fluffy it never 'cakes' or looks artificial, but clings smoothly for hours without reapplying, and it was to bring out good points I never knew I had. I love its elusive perfume, too!"

There's quality and beauty of value—and the winnery of a Joyce Brown—happy winner of the 30th annual beauty contest—beauty of each galaxy. She has the delightful Face Powder, the Black and White brand of Face Powder, and she's won it. You can get it. Send more than 25,000 dollars everywhere.

Galion Tourist Club Meet Outstanding Social Event

Galion, Jan. 26.—An enjoyable meeting of the Tourist club to which Miss Laura Kopps was hostess at her home on S. Union last night was the most prominent club affair of the week's schedule.

The plan of holding meetings at the homes of members in place of the former custom of meeting in the club rooms at the public library, has been very successful and the growing enthusiasm of the members which was demonstrated last night, has determined the officers and committee to continue the plan for the coming year.

President in Charge

Miss Hulda Kopp, president, presided over the business session, which was followed by the usual club study and discussion.

FARM BUREAU HOLDS MEETING IN IBERIA HALL

County Agent U. F. Bruning
Addresses Session; Mt. Gil-
ead Man on Program

Iberia, Jan. 26.—A very interesting meeting of the Farm Bureau was held in the Community Hall, Tuesday night. Edward McClaren, president, was in charge. Charles McAnall, had charge of the music. Preceding the announced program was some informal singing of community songs. Mrs. Howard Kuntz, who has charge of the boys and girls 4 H club extension work of Ohio State University, had six girls give some yells in the interest of the bureau. The girls were Ruth Criswell, Beatrice Burgraff, Iris Criswell, Margaret Kuntz and Karen and Marie Sorenson. Ruth Criswell and Beatrice Burgraff demonstrated how to make cream salad dressing.

Gives Invocation

Rev. Wase offered the invocation. Following this luncheon was served. J. H. Shaw of Mt. Gilead sang two songs, "Three for Jack" and "Hush of the Twilight Hour," accompanied by Mrs. L. B. Kerr. President McClaren made some appropriate remarks and called on Mrs. Howard Kuntz who read an interesting paper on "Women's Part in the Farm Bureau."

Mr. Shaw sang another solo, "On the Road to Mandalay," and as an encore, "Smiling Through." Dewey Rogers of Chester, campaign manager, gave the "Farm Bureau Story." Some community songs were sung, under the leadership of County Agent U. F. Bruning, assisted by Charles McAnall, Ray Braden and Dewey Rogers, and with J. W. Masters at the piano.

Gives Address

U. F. Bruning gave a brief address and told the boys and girls a story. He was followed by J. W. Masters, of Mt. Gilead, who gave an address on "The Advantages of Co-operation." Brief remarks were made by Dr. L. C. Fisher and Rev. C. M. Wynn.

Mr. U. F. Bruning stepped to the front and asked the persons present each to shake hands with the one next to him. He then led in singing the farm bureau song.

Rev. C. M. Wynn, William Nesbitt and Walter Grier attended at a six-course dinner at Hotel Harding, Monday. They were guests of the ladies committee of the Marion Presbytery of the Presbyterian Church, which met in Marion Monday.

Mrs. Hollis Cress and Mrs. Dewey Fox and son, Hollis, spent Tuesday at the home of Mr. and Mrs. Samuel Cress of New Winchester.

The husband left home last Tuesday last seen in Kenton the following morning.

The woman has appealed to the Kenton police and the Hardin County officials for aid in locating her husband.

O. N. U. STUDENTS AIR VIEWS ON RELIGION

720 Represented in Survey
Conducted by Y. M. C. A.

Kenton, Jan. 26.—Twenty-three students out of 720 who participated in the religious survey recently conducted at Ohio Northern University, denied the existence of God and 66 did not believe in immortality.

In contrast, however, the religious census showed that the majority of the students has not forsaken the faith of their fathers, believing in a God and to prayer as a means of personal relationship with God.

The census was taken in connection with the nation-wide religious survey being conducted to establish a basis for the campaign on religion to be conducted preceding the Easter season. Prof. J. A. Potter, secretary of the university Y. M. C. A. was in charge of the survey.

A striking relationship was shown between the number of students who do not believe in a God, 23, and the number who were not brought up in religious homes, 25.

Nearly 200 students are not active members of any church and are not attending religious services regularly. Twenty-nine expressed the belief that religion in some form is not a necessary element of life for the individual and the community. Seventy-eight do not regard the Bible as inspired in a sense that no other literature could be inspired.

In answer to the question, "Do you believe that Jesus was divine as no other man was divine?" 68 answered in the positive.

Are You "Toxic?"
Good Health Requires Good Elimination.

FUNCTIONAL inactivity of the kidneys permits retention of waste poisons in the blood. This is called a "toxic condition." Symptoms are a dull, languid feeling and often toxic headache, backache and dizziness. That the kidneys are not functioning as they should is sometimes shown by scanty or burning passage of secretions. Many people aware their kidneys in this condition by drinking plenty of pure water and the use of a stimulant diuretic. Doan's Pills have earned a country-wide reputation as a stimulant diuretic to the kidneys. Users everywhere endorse them. Ask your neighbor!

Patsy's Patter

Gossip and Guesses in the World of Sport

By Pat Murphy

AN INTERESTING outcome of the season which has shaken baseball since the close of last season is the proposition advanced by Charles Lock, president of the Seattle club of the Pacific Coast League. This gentleman would have his league pass a resolution authorizing the eight clubs of the circuit to sign "Patsy" Speaker and Ty Cobb, the two stars to play with each club in the league, two weeks at a time. It is unlikely that the players would entertain such a proposition, but it is a sign of how badly their reputations have suffered by the "scissors."

HOOPESTERS in the eastern inter-collegiate basketball league have no time for circuitous travel this week. Because of mid-year examinations, preventing play in the league for the remainder of the month, the leaders of Dartmouth and Princeton must remain locked in the lead with three wins and one loss. The circuit resumes in February.

A LEMARRE, at one time a good big league pitcher, and at present syndicated short sport items, which include a story in the papers recently about Bob O'Farrell's succession to the management of the world champion Cardinals. The point of the story was that the shortest route to the manager's berth is from behind the bat. Al mentioned several former catchers who graduated to manager. But his memory and sure crowd some where. One of the "catchers" he mentioned is Frank Chance. Probably Frank was at one time a backstop, but we believe that the many double plays "Tucker to Evans to Chance" ended at first base.

GEORGE UHLE won more games than any other pitcher in the American League last season. He was named the premier twirler of the organization. The information as revealed in the pitching averages recently issued that he gave 118 bases on balls as a surprise for so effective a pitcher.

As a matter of fact, the large number of bases issued by Uhle was a tribute to his method of pitching, rather than a fault. Last season Uhle made it a point to pitch to the weakness of every batter. This often forced him to give bases to the very limit.

Proper working on his letters bore large tribute to his success, also the large number of passes he issued. **PAOLINO LUZCUDUN**, Spanish heavyweight, told in New York that he had the fiercest battle of his career in Cuba recently, but it was not in the ring. He said three wild boars charged him while hunting and after shooting one, and clubbing the second to death with his gun, he was forced to kill the third with his bare hands when the gun broke. El Mundo, Havana newspaper, when informed of his statement, wired: "Yes, but we have no wild boars in Cuba."

A WARRANT has been sworn out at San Diego, Cal., charging Babe Ruth, star New York outfielder, with having violated the California labor laws. Ruth is charged with having had children from the audience at a local theater go on the stage and do little "stunts."

MICK McGUIRE, former light-heavyweight champion, comes to a probable crowd-roads in his home career in Madison Square Garden, Friday night, when he meets Paul Berlanach, the Astoria puncher, who stripped him of his title in 1925. A win for McGUIRE will give him at least equal ranking with Berlanach in the Rickard series of clashes to decide upon the next challenger for the heavyweight title.

THE Dr. Robert B. Drury mentioned in Chicago dispatches as "Tom Johnson's physician" is one of Columbus' best-known surgeons. In addition he is part owner of the Boston Red Sox, being associated with Bobby Quinn and other Columbus men in the ownership of the club.

Before starting the study of medicine, Drury was a well known semi-pro catcher. Johnson has been in Columbus several times during the past year to receive treatment from Drury for a foot infection.

Be careful about your "decided" opinions.

C., D. & M. Five Defeats Osgoods in Overtime Game

Miller's Field Goal Does Work in Final Minutes; Railway Service Winners

Hubers Drop Interesting Fray to Railway Service Quintet by Two-Point Margin; Fairfield Engineers Lose to Commercial 19 to 9 in Second Industrial Game

By EDIE SCHONLIER

RAY MILLER, stellar backguard on the C., D. & M. basketball team, was the hero of the Industrial League games last night. With the score tied at the 11-point mark in the Osgood, C., D. & M. club, Miller thundered down the court in the final moments of the five-minute overtime period and calmly deposited the sphere in the bucket. It was his two-point shot that saved the C., D. & M. from suffering its first defeat of the season.

Miller's brilliant performance formed a climax to the greatest cage battle witnessed in the Industrial League this season. The crowd went wild in the last half of the fray when it was seen that the Osgoods had the opportunity to defeat the winning C., D. & M. crew.

Osgoods Trail At Half
The first half ended 8 to 4 with Osgoods trailing, but the fighting basketballers were determined not to always remain on the tail-end of the score. Speeding up in the second half, they overcame the lead and were on equal terms with the "League" leaders when the whistle blew for the end of the contest. A five-minute overtime period was necessary.

It was the first real fight for victory that the C., D. & M. quintet has experienced this year. Both teams played bang-up basketball and displayed one of the best defensive games seen on the floor this year. There were no leading stars on either quintet, but Miller stood out as the life saver in the overtime period.

Hubers Surprise
The scrappy Huber quintet pulled the predicted surprise of the evening and came within two points of dethroning the strong Railway Service crew in the first game last night. The final score was 14 to 12. Fairfield Engineers put up a great fight against the Commercial outfit, but were defeated 19 to 9.

Railway Service could not connect with the bucket at any time during the game with Hubers, while the close guarding of the Huber basketballers was largely responsible. With the score to 7 against them at the half the Hubers could never get up in their fight to down the Railway Service quintet and were still going strong when the whistle called an end to the fray while the latter team was in the lead by only two points.

Star For Hubers
Miller, Chenoweth and Strine played a good game for Hubers, while Miller and Johnson starred for Railway Service.

Commercial did not walloper the Engineers and indeed had a tough time keeping ahead of them, but they won the battle, 19 to 9. Commercial were leading at halftime 6 to 3. Jones and Lange starred for Fairfield while Perry made about half the points scored by Commercial.

Young Men's Farming Clubs are participating in league games.

The Young Men's Farming Clubs in various county schools are participating in a volleyball league in the east and west sections of Marion County and are engaged in playing off the games beginning this week.

When the regular scheduled games are completed, the champions of the east section will meet the winners in the west section for the county volleyball championship.

Teams in the west section are Green Camp, Prospect and LaRue. Teams in the east section are Pleasant, Waldo and Martel.

The championship will be decided March 3, it was announced today.

MUTUALS TAKE FIRST PLACE IN NATIONAL LOOP

Defeat Bradley Drugs in Two Out of Three Games

Midland Mutuals are in first place in the National Bowling League. The Mutuals topped that position last night when they defeated Bradley Drugs two out of three games in the Y. M. C. A. alley. Previous to last night the two teams were tied for first place.

At the same time, Marion Motorcycles pushed aside all obstacles and took full possession of third place in the league by knocking off Bentz Tires in three consecutive games, leading themselves only a few games behind the league leaders.

The Midland Mutuals took the first game by the narrow margin of seven points, dropped the second tilt to Bradley, and then scored a triumphant return for the final fray, winning by a large margin. Schuler's 202 pins was high for Midland while Kopp came through with 231 points for Bradley. All games were over the 800 mark.

Zeller led the Motorcycles to victory when he rolled 219 in the first game, while A. Burnett proved the highest score in a single game for Bentz Tires when he bowled 197 in the second tilt.

Former Wittenberg Stars On Team to Meet Shovels

Former Wittenberg and Springfield High School basketball stars, comprise the quintet to invade the Marion Steam Shovel gym here Thursday night. The team comes from Springfield, O., and is none other than the well-known Millard Clothiers.

The Clothiers won the city championship of Springfield last year and have set a hot pace this season, with eight straight victories and no defeats. The Willards are touted as Springfield's best. They have won games in the southern part of the state this season but this is the first trip north for the crew.

LeRoy Maxton, all-state guard of Springfield High School in 1925 and the greatest scoring one to don uniform for the high school, is one of the leaders of the team. Dave Pheneger, who played in the other guard position on the same team, also made the all-state high school team in 1925. He plays a splendid defensive game.

"Deke", Schultz, "Buzz" Wheeler, and "Jack" Barr, well known in basketball circles in the southern part of the state, will play center and forwards respectively. Bill Lobman and Patsy Ervin are other stars to be seen with the Clothiers.

Facing this clever aggregation will be one of the best teams in northern Ohio. The Shovels will likely be minus Shea and Shaw on this occasion and will use a lineup consisting of Schwab at center, Bacon and Compton at guards, and Bolger and Wilson at forwards.

Shovels Are Winning
The Steam Shovel, during the last few weeks, have established a great reputation by knocking off two of the best traveling teams in the country, the Buffalo Lincolns and Akron Firestones.

Large crowds have been attending the Shovel games. Bleachers have been crowded each side of the floor and a large number can now be accommodated. The Steam Shovel band plays before each game and between halves.

A preliminary event will get under way at 7:15 and the main go will start at 8:15 o'clock, Thursday night.

WONT "JUNK" DATES
Big Ten Football Schedules Will Remain Same, Report

Chicago, Jan. 26.—Reports that 1927 Western Conference football schedules would be "junked" at the joint meeting of Big Ten University presidents, faculty representatives, coaches, directors of athletics, and alumni, set for Friday of this week, were vigorously denied today by Major John L. Griffith, Big Ten athletic commissioner.

Mr. Griffith said it would be impossible at this late date to alter the schedule, even if there were any excuse for so doing, owing to the fact that all open dates have been filled with non-conference games. Any change in the Big Ten schedule now would tend to "scramble" the schedules of nearly all other big schools, it was pointed out.

ANOTHER CANDIDATE
Evaston, Ill., Jan. 26.—Dr. Clarence W. Spears, football coach at the University of Minnesota, was in conference here today with K. L. "Tug" Wilson, director of athletics at Northwestern University. Spears is said to have been offered the position of head coach recently vacated by Glenn Thistlewaite. Neither Spears nor Wilson would comment on the results of the conference.

JOHNSON ABSENT
Said To Have Gone To Excelsior Springs For Health

Chicago, Jan. 26.—Dan Johnson, temporarily retired president of the American League, was absent from Chicago today. At his home it was stated he had gone to Excelsior Springs, Mo., to spend several weeks in an effort to regain his health.

It was because of ill-health that American League managers, in session here last Sunday, voted their yeas for an indefinite "leave of absence" and installed vice president Frank Navin of Detroit in the presidential chair.

Johnson has refused to make any statement since the Sunday meeting but speculation continues as to whether the former American League head will ever again assume leadership of the junior circuit. The belief is general that Johnson's health is such that he will spend the remainder of his career again being a dominant figure in baseball.

LIKES COLLEGE MEN
Manager John Mott of the Giants has always been strong for the college player in professional baseball.

LAST NIGHT'S FIGHTS
At Ft. Thomas, Ky.—Midget Guerr, Cincinnati, scored a knockout over Frankie Murrie, Jersey City, in the first round of a scheduled 10-round bout. Jackie Reynolds, Muncie, Ind., took decision over Vic Ross, Ft. Thomas in six rounds. Brett Wagoner, Cincinnati, outpointed Scotty Rabin, Cleveland, in six rounds.

Movin' On

Hollis Thurston, for four years the property of and for the season a big winning pitcher with the Chicago White Sox, will co-opt with the Washington Senators next season. He was traded with Pitcher Mangum to the Senators for Roger Peckinpaugh.

Thurston, who organized baseball with the team of the Pacific Coast League in 1920 and although he was a losing pitcher with that team for nearly three seasons, the St. Louis Browns decided to give him a trial in 1925. He did not impress the Browns bosses, however, and was turned over to the White Sox in June that season.

In 1924 he looked as a brilliant up-and-coming hurler when he turned in 20 victories and only 14 defeats for a tail-end team. The following year, however, he won but 10 games and lost 14. Last year he won 6 and lost 8.

LAUER TAILORS TROUNCE ASHLEY DE MOLAY FIVE
Tiring in the last half of a fast tilt, the Ashley de Molay quintet last night fell before the onslaught of the Lauer Tailors of Prospect, taking the tail-end of a 47 to 17 score. It was the sixth straight victory for the Prospect team.

The game was hard fought in the first half but the DeMolays weakened and made only three field goals in the final periods. Conwell starred for the Tailors and Schultz was Ashley's best bet. Conwell made 12 field goals.

DAIRY QUINTET WILL SEEK TO AVENGE DEFEAT

The Dairies will be out for revenge tonight when they clash with the Indiana Erie basketball team from Huntington. Two weeks ago, the Indiana outfit defeated Isaly's in the Star Auditorium by the narrow margin of two points, winning 31 to 29.

At that time, the Erie, confident of victory, brought with them a 25-piece band and 75 rooters, to say nothing of a red hot basketball team. Tonight, again confident of victory, the Erie will bring the same band but will add a number of followers and a male quartet to their selection. Fans are not only assured of the best basketball entertainment but are also certain to enjoy the splendid program that will be given between halves and before the game.

Dairies In Slump
Isaly Dairies hit a slump about the time the Erie game arrived earlier in the season and, although they gave a fair exhibition of basketball, were completely outclassed by their much faster opponents. Last week, after losing a pair of games, the Dairies again hit their stride and strutted all over the poor Huntington College team.

Again playing their old game, Isaly's hope to avenge the defeat suffered at the hands of the Huntington quintet, tonight.

The Indiana team is composed of former Purdue stars and have been few games this season. They play basketball every night. They are good sportsmen and have a college spirit. It will be the liveliest crowd seen at an Isaly game this year, and the visitors will make themselves heard. That's what they're coming here for.

Dairies Ready
The Dairies will need all the support that can possibly be given them to counteract the outburst of their visiting rooters. One of the largest crowds of the season is expected to attend the game.

Midways will meet Howitzer Company in the preliminary at 7:15 tonight. The main game starts at 8:15 o'clock.

FINNEGAN VS HILL
Chicago, Jan. 26.—February the tenth today became a real "big day" for fight fans with the announcement of Promoter Jim Mullen that on that date Honey Boy Finnegan of Boston, and Johnny Hill, hard hitting Philippine featherweight, would do battle in the ten-round main event at the coliseum.

Sacasa Sees Danger of Clash Between U. S. and Liberals

EXTENSION OF NEUTRAL ZONES CAUSES ENMITY

Action of Marines Making Nicaraguans Desperate, Leader Declares

Puerto Cabezas, Nicaragua, Jan. 26.—The danger of a clash between United States marines and liberal troops was pointed out today by Dr. Juan B. Sacasa, head of the liberal government, in an exclusive statement to International News Service.

"Hostility has been aroused by the action of the United States marines in following the constitutional and declaring neutral all the cities wrested from the Diazista army," said Dr. Sacasa.

"I am convinced that the Diaz government would quickly fall should the American government withdraw its support and resume an attitude of neutrality."

Dr. Sacasa, after denying any anti-Americanism referred to the United States as his "second mother country."

"That is where I was educated," continued the liberal chief. "That is where I became imbued with liberalism."

PROBE OF PAY, WORK OF STATE EMPLOYEES ASKED

Cleveland Senator Introduces Resolution Requesting Report to Legislature

Columbus, Jan. 26.—A joint legislative committee, consisting of five senators and five house members, is constituted in two senate joint resolutions and one house joint resolution, up for action today.

A resolution by Senator J. N. Ackerman, Cleveland, provides for a complete investigation of the compensation and duties of state employees in all state departments, commissions, offices, bureaus, and educational and judicial institutions and for submission of a report and recommendations to the present legislative session.

Resolutions by Senator Maude C. Walt, Cleveland, and Representative Clara W. Deer, Cleveland, are identical, calling for an immediate survey relative to the adequacy of salaries paid employees who administer the workmen's compensation act and other employees of the state department of industrial relations.

Other measures pending in the legislature today are:

In the senate: By Sen. Davis Johnson, Fulton County, a joint resolution, providing for submission to Ohio voters of a proposed amendment to the state constitution permitting an accused person to waive indictment by a grand jury and to stand trial without indictment.

To Buy Ohio Coal

By Sen. George H. Bender, Cleveland, providing for abolition of the fee system and placing subsidies of the peace, miners and constables on salaries.

By Sen. E. Lefebvre, Athens County, requiring Ohio state institutions to buy Ohio-mined coal.

In the house: By Representative D. S. Ingalls, Cuyahoga County, prohibiting buyers from retaining fees and deducting that all fees shall be paid direct into the municipal treasury.

By Representative J. S. McKinley, Franklin County, providing for perpetual state auto license tags with renewal license of numerals to be furnished annually.

By Representative Osa Denny, Montgomery County, prohibiting public hearings of divorce suits.

The first bill to pass either the house or the senate this session is that of Senator C. L. Shaffer, Van Wert County, permitting villages to erect old village cemeteries to townships for purposes of maintenance. The senate passed the Shaffer bill by a vote of 33 to 0 late Tuesday.

Postpones Action

The senate judiciary committee, it was announced, has postponed action on the bills by Senators Bender and N. P. Johnson, Mahoning County, seeking to restrict activities of village mayors and justices of the peace to their respective municipalities, until after another public hearing is held at 7:30 p. m. Feb. 2.

The Republican senatorial majority, during a caucus late Tuesday, it was announced, agreed to give Gov. Vic Donahey control of the state utilities, industrial and tax commissions during the next two years by confining his appointment of Democrats to two-year and four-year terms.

The Republican senators, however, decided, it was stated, to hold up the governor's appointment of Republicans to six-year terms on these commissions, thereby making it possible for the next governor to obtain control of them.

HOLD ALLEGED SLAYER

Akron, Jan. 26.—John Rera, 22, who is alleged to have murdered Robert Blalock, 40, here last year, has been arrested in New York City and will be returned here for trial, according to Sheriff Jacob Hollinger, on advice of eastern authorities.

GIRL IS "OKAY"

Cincinnati, Jan. 26.—The American girl of today is "okay."

That much was thoroughly understood by 600 delegates to the Ohio Dairy Products Association's convention today, after hearing the "Banquet" loudly and proudly praised by several speakers here last night.

The nominating committee of the Milk Distributors' Association, an organization within the state association, named the following officers:

C. B. Alexander, Akron, president; B. A. Millikin, Youngstown, vice president; and E. E. Foreman, Columbus, treasurer.

Stacks of Sleds and Rows of Skates Make Schools Resemble Toy Factories

FINDING parking space for skates and sleds at Marion schools has become a big problem with children and teachers.

At some schools the pile of sleds stacked outside the school, while the students are in classes makes the place look like a toy factory, and inside the building the cloak-rooms are lined with rows of skates hung up with hats and coats.

However, there is prospect of a change within a few days.

Another day of sunbake will practically dry the sidewalks and streets for the only group in Marion which has had any fun out of this snow and ice business of the last few weeks.

Marion school children are of the opinion that the weather man has been in cahoots with Santa Claus in doing out the weather schedule, for he could not have brought better weather for trying out Christmas skates and sleds.

Stacks of Sleds and Rows of Skates Make Schools Resemble Toy Factories

than that in the period since Christmas. Snow was followed by rain and freezing weather that coated streets and sidewalks with ice, making ideal places to use sleds and skates.

The favorite method of going to school is now by furnishing the motive power for skates, or by using a sled and taking one "atom-ach slam" after another, to use a polite phrase.

While the youngsters have been settling their fun out of the ice covered streets and sidewalks, there has been a marked increase

in the number of "nerve" cases among automobile drivers. With brakes practically useless, more than one driver has held his breath and prayed when driving through the snow.

The youngsters coast all over the place drivers say, with no regard for the traffic in the streets, and while narrow escapes have been many, there have been no serious accidents.

The disappearance of the ice on the streets will be hailed by most drivers as a boon to them, and to the children also.

COOLIDGE MAY APPOINT ANOTHER PENNSYLVANIAN

And, if He Is Rejected Southern May Be Named on I. C. C.

Washington, Jan. 26.—The South vied with Pennsylvania today for the vacancy in the Interstate Commerce Commission.

President Coolidge was reported as ready to appoint another Pennsylvanian to the commission to the post for which the senate rejected Cyrus E. Wood-

but only if he can be assured the senate will confirm the new man. If Pennsylvania cannot produce such a candidate, it was said, the president probably will select a southerner for the commission.

Two men—Congressman James M. Magee of Pittsburgh, and James C. Dals, former director general of railroads, an Iowa, already have been mentioned for the appointment. Both men, however, would face considerable opposition.

TO BE SENTENCED

Pittsburgh Man Found Guilty in Black-mail Plot

Cincinnati, Jan. 26.—Fred McKern, 27, Pittsburgh, Pa., will be sentenced Saturday for blackmailing Samuel Doll, prosperous local wallpaper dealer, out of \$2,500 about two months ago. It was announced in common pleas court here today.

McKern, with another man now awaiting trial, was alleged to have represented himself as a federal officer and placed Doll "under arrest for violating the dry laws."

He was recently found guilty by jury trial.
